

MEET THE TEACHER

Ms. Latavia

Hello,

I'm Ms. Latavia and I'm so excited to be teaching the Butterfly class this year! I have previous experience with teaching the Caterpillar class. My favorite thing about working with the toddler group is watching them learn & grow through play and helping them hit each milestone. This will be my first year teaching the toddler group and my second year at Kids In Motion. I love making learning fun for others and making sweet memories with the kiddos. I am looking forward to this school year – Its going to be great!!
