ABOUT Me:

Hello, my name is Ms. Jennie and I teach one of the three year old Monkeys class. This is my third year here at Kids In Motion Academy but my seventh year as a preschool teacher. I have five children of my own ranging from 6 all the way up to 25 years old. I have worked with children for over twenty years in various ways. I am CDA certified and working on furthering my education. I am excited for the school year and look forward to teaching your children.
