

Meet Mr. Anthony

Hi! My name is Anthony Bargas and I am the facility maintenance man at Kids in Motion/SSB Kids. I have been here since summer of 2023. I fix the problems that occur here at both facilities so all the operations here at the school can run a little smoother. If it's broke, I can fix it. If its leaking, I can spot it. If it needs built, I can build it! I have built the new baby playground, put in new baby gates, and have completed various other tasks around the facility. My goal is to make sure everyone is safe so the fun can continue!
